Canada

Problematic

- Frequent delay in public transport
- Traffic jam on kilometers
- Nature pollution
- Insufficient parking space for the number of vehicles

Solutions

- Set up an economical and fast means of transport for GCcollab users
- Create a knowledge network between users
- Avoid traffic jams during rush hour
- Free parking for visitors

Cost estimate

- A. Agreement between employees
- B.

Cost estimate	Personal vehicle	STO	OC Transport	Solution GCcarpool
\$CA / mois	\$140< cost	\$99	\$119.50	\$50
